## Overview

Summit Professional Cleaning is an open shop janitorial company serving the New York City, Southern Westchester and Northern New Jersey areas with a full range of exceptional cleaning and sanitization services. With a first-rate reputation for providing high quality services, Summit utilizes state-of-the-art equipment, such as electrostatic sprayers, which ensures our clients feel safe and protected with a completely sanitized workspace.

## Core Competencies

Our distinct competitive advantage is that we hire and train our staff the "Summit Way." Our employees are treated as part of our family, and every individual feels valued and respected. As they gain experience, team members know that there are ample opportunities for growth within; therefore, they are truly vested in the work they perform – and this translates to exceptional services for our clients. Our employees utilize Summit's stringent quality checks throughout the cleaning and sanitization process ensuring client satisfaction.
